COLOR AND NUMBER SYSTEM:

Each SparClean product is color and number coded for easy product identification. All product references and labels reflect this color and number, making training short and simple.

PACKAGING:

All SparClean products are packaged in translucent 5-gallon pails and gallons. The clear packaging allows you to see exactly what remains in your container and enables timely reorder of your warewash products.

SUPPORT ACCESSORIES:

Several dispensing options are available to complement the SparClean warewash line of products. We will also smooth your transition with training materials such as a general application SparClean Warewash Wall Chart.

DIRECTIONS FOR USE:

DO NOT MIX WITH OTHER CHEMICALS

Some individuals may be sensitive to ingredients in this product. Please read product label and MSD sheet before use. If questions remain, consult your employer or a physician. SparClean Silverware Pre-soak is not intended to be used as a pot and pan soap.

1. In a suitable container, dilute SparClean Silverware Pre-soak 2 – 3 oz. per gallon of water.
2. Allow silverware and utensils to soak at least 30 to 60 minutes depending on soil load.

3. Place soaked items on a flat rack and rinse (a thorough rinse assists in maintaining the spray arm efficiency of your dish machine).
4. Run through the dish machine.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or at www.spartanchemical.com.
