PROVIDES EXCELLENT STIFFNESS:

Clothesline Fresh Liquid Laundry Starch is an economical blend of sizing and natural starch polymers designed to provide excellent stiffness and better wash out in a wide range of temperatures. Liquid Laundry Starch is a very stable formula with provides a more natural starch feel while retaining the endurance of synthetics.

WHO CAN BENEFIT:

Dry cleaners, shirt laundries, commercial laundries, country clubs, banquet facilities, hospitality accounts with restaurants will benefit from using Liquid Laundry Starch.

COMPLETE LAUNDRY SYSTEM:

Clothesline Fresh Liquid Laundry Starch is best when used as a part of a total laundry program. Combine with Clothesline Fresh Laundry Break, Detergent, Bleach, and Sour for best results.

COLOR AND NUMBER SYSTEM:

Each Clothesline Fresh Laundry product has been color coded and number coded for easy product identification. All product information and literature, plus, each product label, carton and secondary label reflects this color and number, making training easier and faster.

DIRECTIONS FOR USE:

DO NOT MIX WITH OTHER CHEMICALS.

1. Rinse and Sour load as usual to slightly acidic pH (5.5-6.5).
2. For the starch cycle, use the lowest water level possible to allow for adequate dispersion.
3. Add Clothesline Fresh Liquid Laundry Starch as directed by the Starch Usage Table.
4. Starch cycle should be run for at least 5 minutes for best penetration and results.
5. Extract and finish per linen care requirements.

| STARCH USAGE TABLE* (Fluid ounces per 100# dry weight) | |
